Capability Statement

Delivering luxury landscape installation since 2004

Bella Landscaping is a Los Angeles–based luxury landscape installation firm with design partnerships. Operated by Ferland Corp under California C27 License #1117925, our team brings 30+ years of combined experience building hardscapes, plantings, and outdoor living features for discerning homeowners, architects, and developers across the Westside and beyond.

CORE SERVICES

- **Hardscapes** — patios, walkways, retaining walls, and stonework that define outdoor living spaces.
- **Plantings & Landscape Installation** — planting design and installation, from drought-tolerant to lush layered gardens.
- **Lighting** — landscape and architectural lighting that extends usability into the evening.
- **Shade Structures & Decks** — custom pergolas, shade canopies, and wood decking.
- **Fencing & Gates** — custom wood, metal, and masonry fencing and gate work.
- **Water Features** — fountains, ponds, and other water elements.
- **Fire Features** — fire pits and fireplace lounges as gathering spaces.
- **BBQ Islands & Outdoor Kitchens** — from simple grilling stations to full outdoor kitchens.

Recent installations: lantern-lit lounge & fire feature · Tudor estate landscape lighting

KEY DIFFERENTIATORS

- **Owner's-Side Perspective** — our leadership has worked as contractors, owners' reps, and homeowners, bringing that advocacy to every project.
- **30+ Years of Combined Experience** — Ferland Corp was established in 2024, but ownership has delivered this caliber of project since 2004.
- **Design Collaboration** — we partner closely with homeowners, architects, and developers, and bring trusted design resources where needed.
- **Full-Service Build** — one team manages hardscape, planting, lighting, and specialty features end-to-end.
- **Budget & Process Management** — we manage budget and construction logistics so clients can focus on the result.

NOTABLE PROJECT TYPES

Large estate landscapes, luxury hillside and canyon properties, refined residential gardens, and luxury commercial projects — for homeowners, architects, developers, and design partners across Los Angeles.
